The services I provide are as follows:

Emo Energy In Motion (EmoTrance) is a simple and very powerful method of identifying and removing emotional blocks and shields in one's energy field. Treatment can take place in as little as 10 minutes resulting in a lighter and more joyful energy field that lasts permanently.

Thought Field Therapy is the grandfather of the tapping techniques. By tapping on certain meridians on the body in a particular sequence, problems such as anxiety, trauma, guilt, and depression can melt away.

Emotional Freedom Techniques, or EFT (often known as Tapping or EFT Tapping), is a universal healing tool that can provide impressive results for physical, emotional, and performance issues. EFT operates on the premise that no matter what part of your life needs improvement, there are unresolved emotional issues in the way. Even for physical issues, chronic pain, or diagnosed conditions, it is common knowledge that any kind of emotional stress can impede the natural healing potential of the human body.

The doTERRA AromaTouch Technique is a clinical approach to applying eight essential oils along energy meridians and visceral contact points of the back and feet to help balance sympathetic and parasympathetic nervous systems of the body.

Bio-Touch™ is a simple, hands-on healing technique that can be used to address all types of health concerns. A practitioner uses the first two fingers of each hand to lightly touch specific points on the body. Over time, the combination of correct points and light touch seems to enhance the body's natural healing ability.

Quantum Entrainment is a completely natural technique that produces immediate healing and harmony in body, mind, and spirit. It is a complete system with proven results that can be used to increase confidence, creativity, abundance and happiness. When one experiences Quantum Entrainment they experience the deepest rest possible, deeper even than deep sleep. This very deep rest results in a very deep healing in seconds to minutes.

Quantum-Touch helps to maximize the body's own capacity to heal. Quantum-Touch addresses the root cause of disease and creates the space for true healing to occur. Rather than just working on symptoms, Quantum-Touch will address the underlying cause of disease.

Crystal Healing helps disintegrate the chakras' negative energies and charge them with positive ones. Feelings of calm and balance are often reported after this treatment.

Pranic Healing® is a highly evolved and tested system of energy medicine developed by GrandMaster Choa Kok Sui that utilizes prana to balance, harmonize and transform the body's energy processes.

Bio-Well Assessments. The Bio-Well is a revolutionary, non-intrusive way to measure the human energy field using a specialized GDV camera and software system. Images taken are mapped to different organs and systems of the body, tapping into Chinese energy meridians.

Disclaimer: Bio-Well is not a medical diagnostic tool. Consult your doctor for any health-related questions.
